BATTERIES FOR BARRETSTOWN

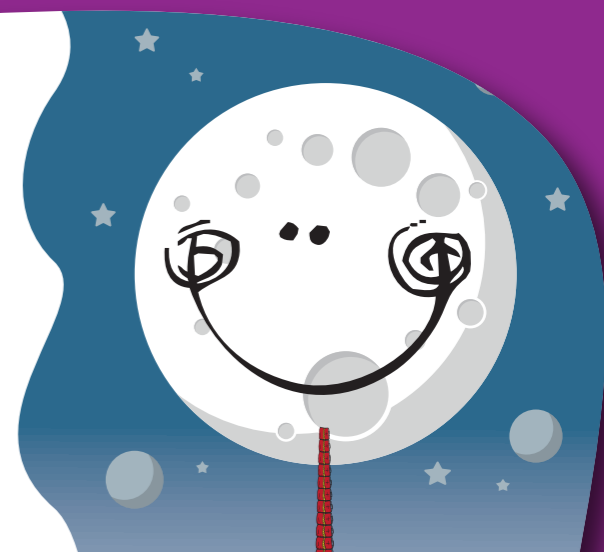

School Challenge

Since Batteries for Barretstown was launched in 2017, over 136 million AA batteries have been recycled - enough to circle the island of Ireland!

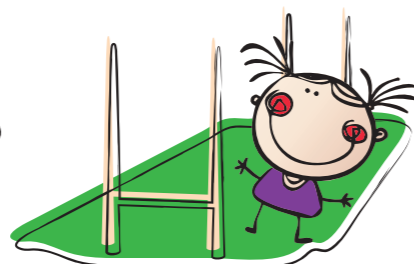

ERP has collected enough batteries to stack up to the moon and back five times since the launch of Batteries for Barretstown!

136 million AA batteries is enough to...

Line the runway at Dublin airport 2180 times

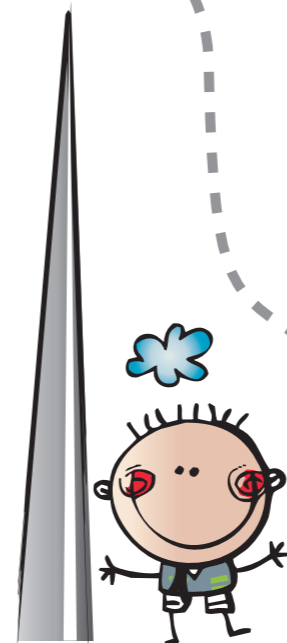

Circle the pitch of Croke Park 14,545 times

Equivalent to 2188 times the weight of the Irish rugby team

Line to the top of Carruntuohil and back 6526 times

Fill Dublin Spire 4 times
